Promote your social enterprise at SEWF25

“There is no other place that someone involved in the social enterprise world can meaningfully connect with so many people, organisations and programmes in such a short time. I came out humbled and invigorated by the many kindred spirits I met”.

This year, the onsite marketplace will be open to members of the public in a central location in Taipei where many people pass by visiting the nearby library, shops, museums and other venues.

The SEWF25 Marketplace is your opportunity to promote your social enterprise, sell your products, build your networks and gain potential partners. We want to feature a diverse range of social enterprises through the SEWF25 social enterprise marketplace with engaging, interactive booths.
